

A large, circular, textured blue rug is the central focus. On the rug, there is a red tufted sofa with a curved backrest and a small grey object, possibly a remote control or a small stool, with a circular base and a vertical stem. The background is a light, neutral color.

### CERTIFICATE OF AUTHENTICITY

*Nefele is the iconic sofa by Egoitaliano, designed and engineered by the creative flair of the architect Giulio Manzoni. Its rounded design and soft comfort give real shape to the intangible essence of the clouds.*

**NAME:** Nefele  
**MANUFACTURER:** Egoitaliano  
**DESIGNER:** Arch. Giulio Manzoni  
**YEAR:** 2023  
**TYPOLOGY:** Limited Edition 05/100  
**SIZE:** W 268 cm x D 163 cm x H 86 cm

**MORE PRODUCT DETAILS:**  
**FRAME:** Made in plywood with numerical control technologies. The structure is equipped with injection molded containment bases, made of polylactic acid and rigid polyurethane.  
**PADDING:** Seat cushions, backrests and armrests are made of polyurethane foam in different densities and are shaped by a five-axis milling machine governed by 3D files.  
**COVERING:** Bielastic fabric "Dune", made with a special 100% wool yarn, sourced from Australia and certified as mulesing-free.  
**The wool is treated with Basolan Tech, a non-restrictive treatment that imparts shine and softness to the wool fiber. Thanks to the double combing and twisting, the wool appears very clean and elegant. The production is carried out on Nagata circular machines, which are now difficult to find - either second-hand or especially new - as they are out of production. The base of the seats and the containment bases that completed the structure are covered in leather.**  
**FEET:** in ABS measuring 6 cm
